

Riser Cart Kit by GPS

Designed to transport Risers from vehicle to photo site

Cart Kit consists of front and rear wheel set that attach to riser supports to create a cart that will hold both Riser supports and planks. Two wheel sizes to choose from to accommodate smooth indoor or rough outdoor terrain.

Riser Cart Kit Prices

Wheel Size	Price
5" rubber wheels	\$105
10" pneumatic	\$155

- Two different wheel options
- Small design for easy storage
- Fits any size supports
- Carries supports and planks
- Fast and easy set-up

MULTI-CART

VERSATILE, AFFORDABLE & EFFICIENT

These patented Multi-Carts ingeniously change shape and length to carry huge amounts of equipment yet fold small for storage. They instantly transform into any of the 8 configurations replacing the need for 8 different carts. The revolutionary design results in a moving machine that is very lightweight, rugged, affordable and ergonomically efficient.

Designed for professionals where speed and efficiency is crucial, these Multi-Carts can reduce time and effort moving equipment by up to 50%. They are specifically designed to work with vehicles and airlines. With five models to choose from, and three different

frame sizes, there is a Multi-Cart to meet all your equipment transport needs. These Multi-Carts are now supplied with low profile and no-flat wheels for longer lasting durability.

The R2 micro supports up to 350 lbs, and is small enough to roll down the aisle of most aircraft. The R6 mini supports up to 500 lbs, and is great for those who want a strong, yet compact utility cart. The R8, R10 and R12 are all part of the mobile workstation cart series. Differing only in their wheel configurations, these carts are designed to get you on location and give you an efficient place to work with the potential accessory shelf kit.
